Gymnastics and Dance

ABOUT ROBYN

Coach Robyn grew up in Kansas going to gymnastics and dance classes from a young toddler age. Growing up, she performed dance solos in school talent shows, recitals, showcases in the malls and at retirement homes, and competed on team gymnastics to level seven. When Robyn reached highschool she left her studio and gym to transition to the Shawnee Mission West High School's varsity dance squad (performing at sport games, competitions, dance camp, and spring show) and varsity gymnastics team (winning state in 2005) for all four years. In 2008, she was nominated to be a dance officer and then was selected to represent her city at a dance conference in Germany. Robyn continued dance at Benedictine College on the dance team and helped with the yearly youth dance recitals. She also coached recreational and team gymnastics at the local YMCA in Atchison from 2010-2013. After college, she joined Pixel Perfect Photography, a company that specialized in taking gymnastics action shots at meets. She married in 2016 and moved to San Clemente, CA and coached a year and a half at the local gym. Robyn moved to 29 Palms in July 2017 with her husband and dog. She is excited to be a part of American Spirit Athletics and can't wait to bring the love of gymnastics and dance to your child.
